Guide to Engaging Independent Contractors

Prior to engaging an Independent Contractor (IC)

➢ Recognize that current and recent BYU employees typically cannot be paid as ICs. “Recent” means paid as a BYU employee within the last six months or in the current calendar year. Additionally, retirees may not be engaged as ICs beyond the first three years from their retirement date.

➢ Obtain preapproval of vendors from the Compensation Department
  • Some circumstances require completion of an IC Questionnaire (see the ICO Category Requirement Sheet). Submit the completed questionnaire to compensation_assistant@byu.edu.
  • For those not requiring a questionnaire, contact Compensation at 2-7534 or 2-0220 to check the employment status of the individual.

➢ From the ICO Category Requirements sheets, determine if the services can be paid via Fast Track and what documentation is required. Some categories have limitations on the days worked, amount that can be paid, or both.

➢ Obtain a W-9 or W-8BEN from the payee
  • IRS Form W-9
    o Many situations require submission of an Employer Identification Number (EIN) instead of a Social Security Number (SSN) for the Taxpayer Identification Number (TIN) on the W-9.
    o Whichever number is used, the name to which the number has been issued must appear on the FIRST line of the W-9 form.
    o A handwritten signature is required.
  • Foreign Vendors
    o For foreign vendors performing work in the U.S., contact the Regulatory Accounting Department at 2-8098 to determine if a W-9 or W-8BEN is to be used.
    o For foreign vendors performing work OUTSIDE of the U.S., neither a W-9 nor W-8BEN are required; however, extended agreements (beyond four months) need to be discussed with the Director of Regulatory Accounting and Reporting at 2-6639 before a department enters into such an agreement.

➢ Obtain Other Documentation
  • Refer to the ICO Category Requirements Sheets.
  • The payee name should be consistent across all documents and match the name on the correctly completed W-9 or W-8BEN.

Upon Completion of Work

➢ Prepare a Fast Track Payment Request and ensure to
  • Use the correct ICO Category code
  • Attach the documentation required for that category
  • Include the actual work dates and correct location where work was performed
  • Provide a reasonable description of the work that was performed (not just “contractor”)
  • Provide the reason you chose the particular contractor (such as “best price,” “expert in field,” etc.)

Note: The above requirements also apply to IC payments through Purchasing Marketplace. Failure to meet the IC requirements will result in delayed or denied payments. Independent Contractors cannot be paid using a Purchasing Card; using a P-Card to circumvent the IC requirements is a reportable action on the compliance report and carries a $100 fine.
